

Frequent Flyers Youth Student Company

Intro: What is StudCo and who is it for?

Frequent Flyers Student Company is for enthusiastic students willing to grow as aerialists, dancers, artists, performers, and team members. Frequent Flyers Student

Company will present its 13th season in Fall 2017, with professional-quality performances at the Dairy Center for the Arts in Boulder.

Students should have a strong desire to learn more about the art of aerial dance and the ability to be very focused and have a positive presence in classes/ rehearsals. In each age group, we are looking for a dedicated group of artists that work well together!

MISSION: The Frequent Flyers® Student Company is a supportive community fostering creative aerial dance performance opportunities while empowering the individual to embody confidence in their artistic and technical abilities. Embedded in a safe, supportive, non-competitive environment, students can soar in their artistic expression, connecting the ground and the air.

Please be mindful of this goal in all of your interactions at FFP, including within your / your child's StudCo classes. As StudCo members, you / your child have the opportunity to be role models on this front! Help us create a positive environment.
- In addition to absences, the Student Company Director may dismiss a student at any time from the piece/performance/Student Company if problems with the policies stated in the Student Company contract or Frequent Flyers Aerial Dance Handbook persist or the presence of an issue is detected that is considered inappropriate for the well being of the Student Company.

The Student Company Director, Megan Cattau, will be available to chat with you / your child about any and all concerns before and / or after the Student Company Classes (exact times to be selected before the start of each session). She will communicate with Studco members and parents/guardians primarily through email to relay any important information about assignments, supplies, costumes, performance details, scheduling, etc. In most instances, she will include the student and the parent(s)/guardian(s) on these emails. When possible, please give the student an opportunity to respond and further develop their sense of personal responsibility. Depending on the age of the child, it may be more appropriate for the parent/guardian to respond. It is important that you and/or your child check your email regularly

and respond within a few days, and it is ultimately the parent(s)/guardian(s)'s responsibility to make sure you have received the information.
